# 01 Home

Agency reference at left; integrated local browser captures in the middle and at right.

LOCAL PREVIEW / NOT PRODUCTION PROOF

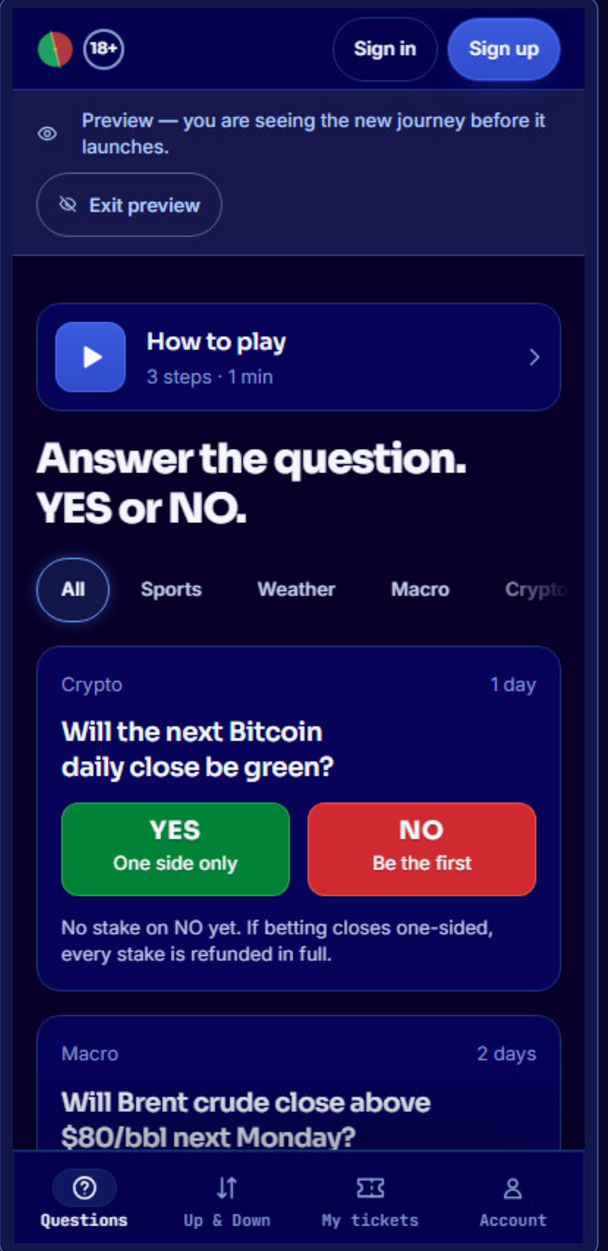

## Agency frame

2026-09-29 presentation / illustrative copy

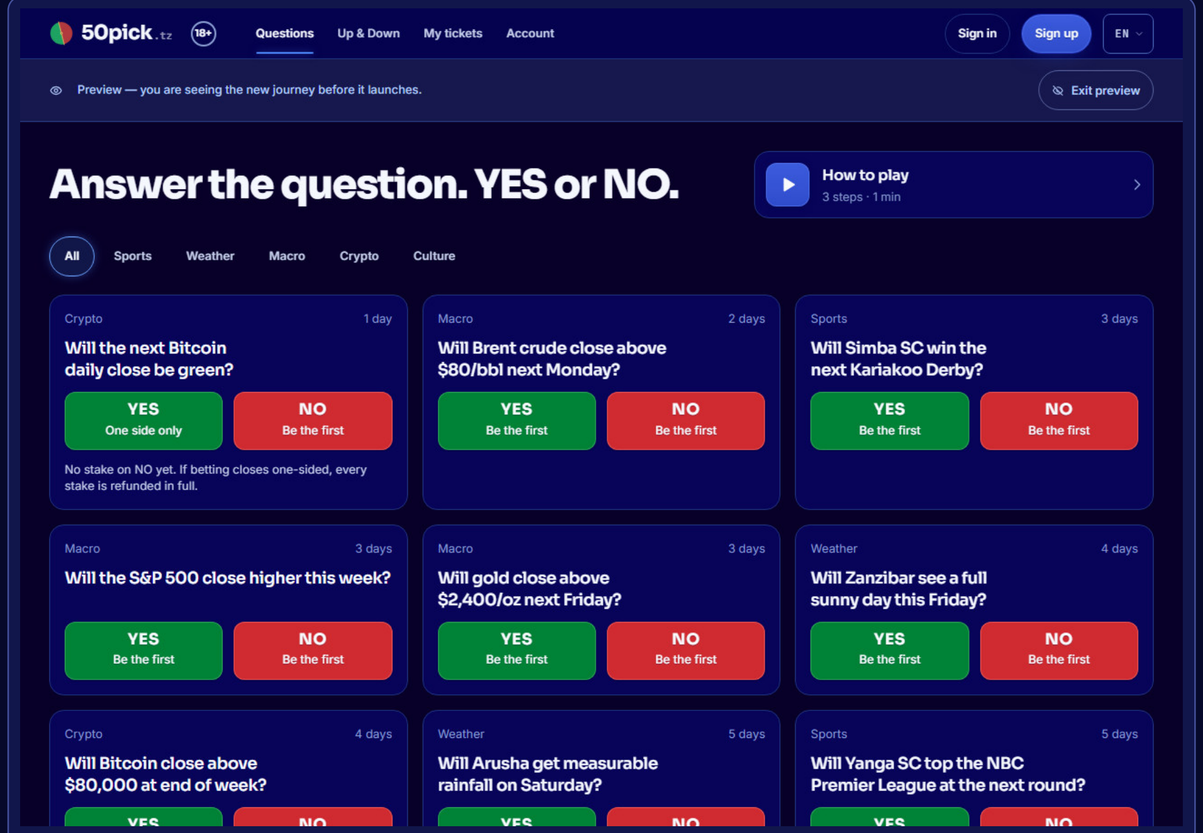

## Local phone

390 x 844 browser / full page for deposit

## Local desktop

1280 x 900 browser / full page for deposit

REVIEW NOTE How-to leads the question list. The agency frame uses Swahili sample questions; local captures use English seeded markets.

Synthetic in-memory market and payment data. Agency mockup chrome, language, stake and palette are reference, not a production screenshot.

# 02 Selected choice

LOCAL PREVIEW / NOT PRODUCTION PROOF

Agency reference at left; integrated local browser captures in the middle and at right.

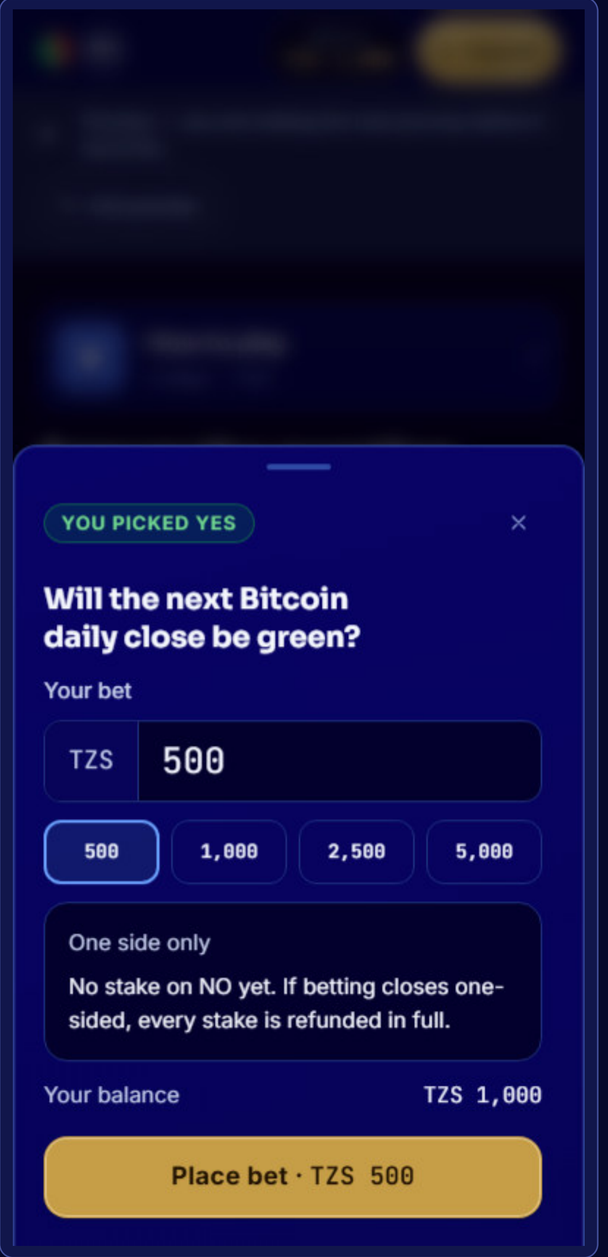

## Agency frame

2026-09-29 presentation / illustrative copy

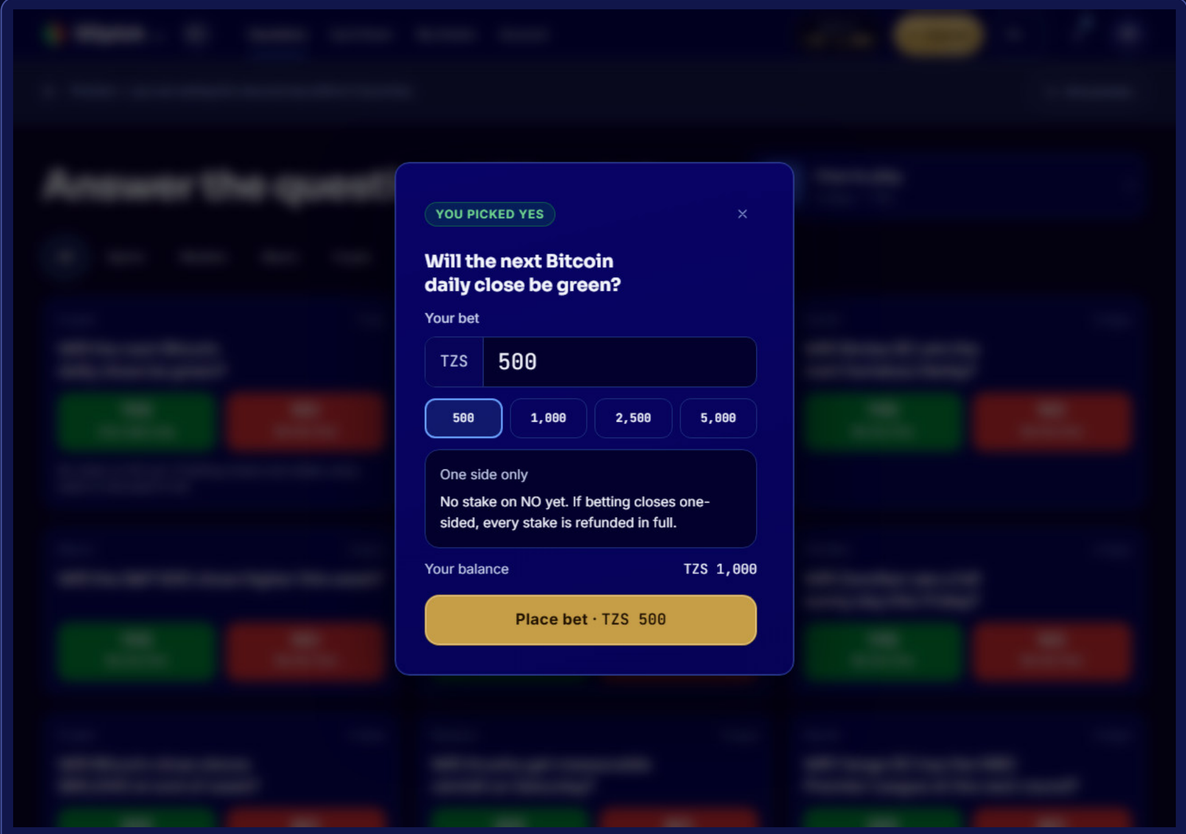

## Local phone

390 x 844 browser / full page for deposit

## Local desktop

1280 x 900 browser / full page for deposit

REVIEW NOTE The returned sheet retains the chosen YES side and TZS 500 stake. The seeded one-sided market carries its own risk note.

Synthetic in-memory market and payment data. Agency mockup chrome, language, stake and palette are reference, not a production screenshot.

# 03 Short balance

LOCAL PREVIEW / NOT PRODUCTION PROOF

Agency reference at left; integrated local browser captures in the middle and at right.

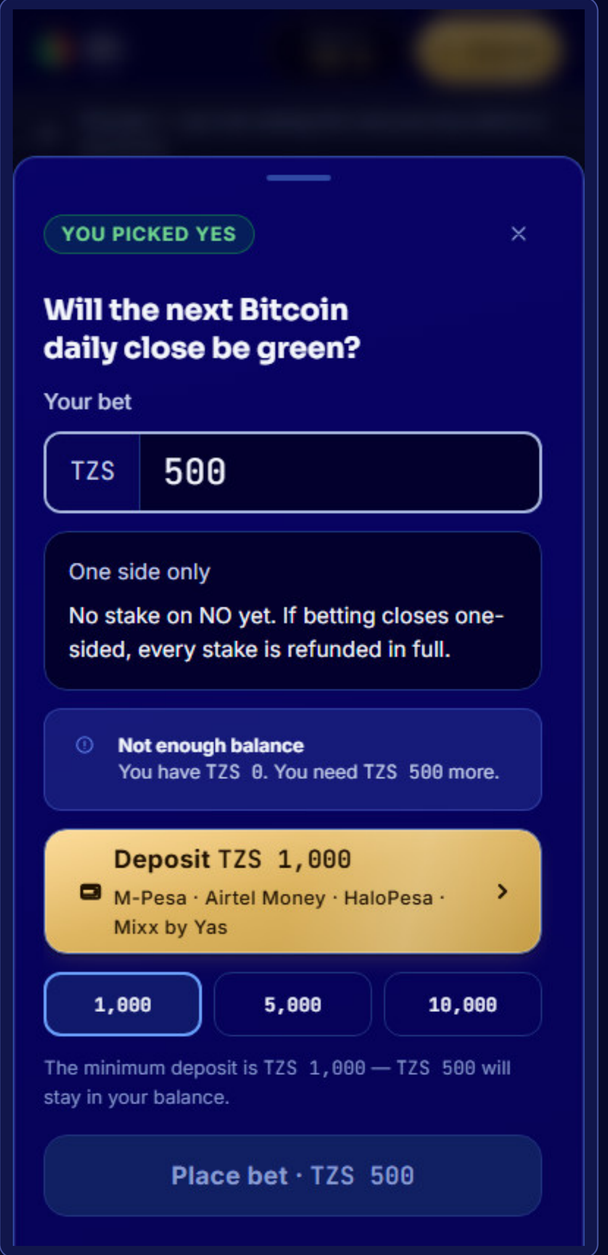

## Agency frame

2026-09-29 presentation / illustrative copy

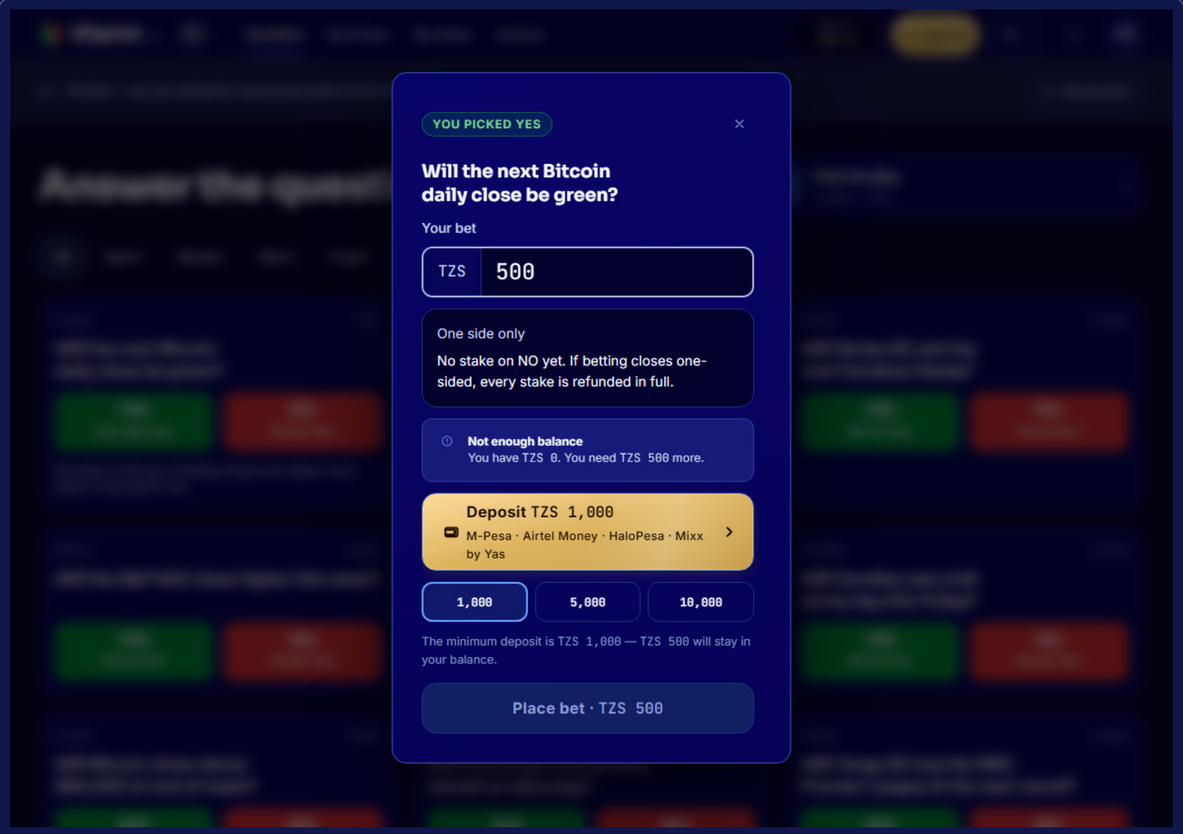

## Local phone

390 x 844 browser / full page for deposit

## Local desktop

1280 x 900 browser / full page for deposit

REVIEW NOTE A TZS 0 wallet offers the TZS 1,000 minimum deposit. Place bet stays disabled until funding completes and the player presses again.

Synthetic in-memory market and payment data. Agency mockup chrome, language, stake and palette are reference, not a production screenshot.

# 04 Deposit

Agency reference at left; integrated local browser captures in the middle and at right.

LOCAL PREVIEW / NOT PRODUCTION PROOF

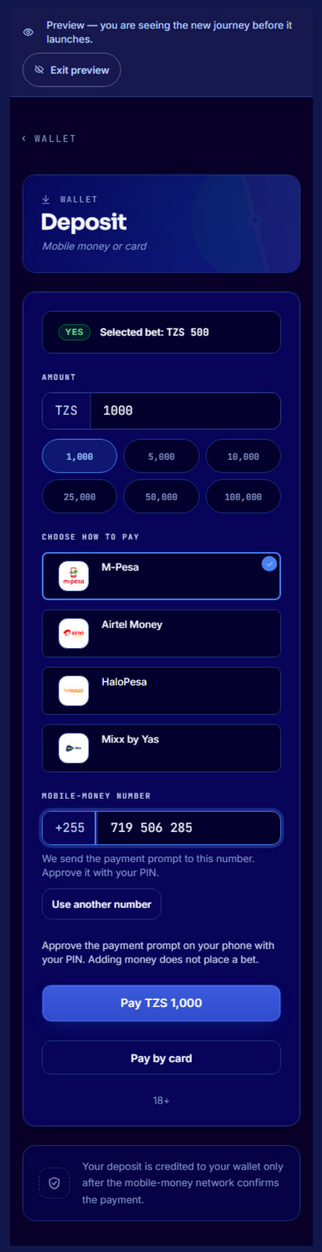

## Agency frame

2026-09-29 presentation / illustrative copy

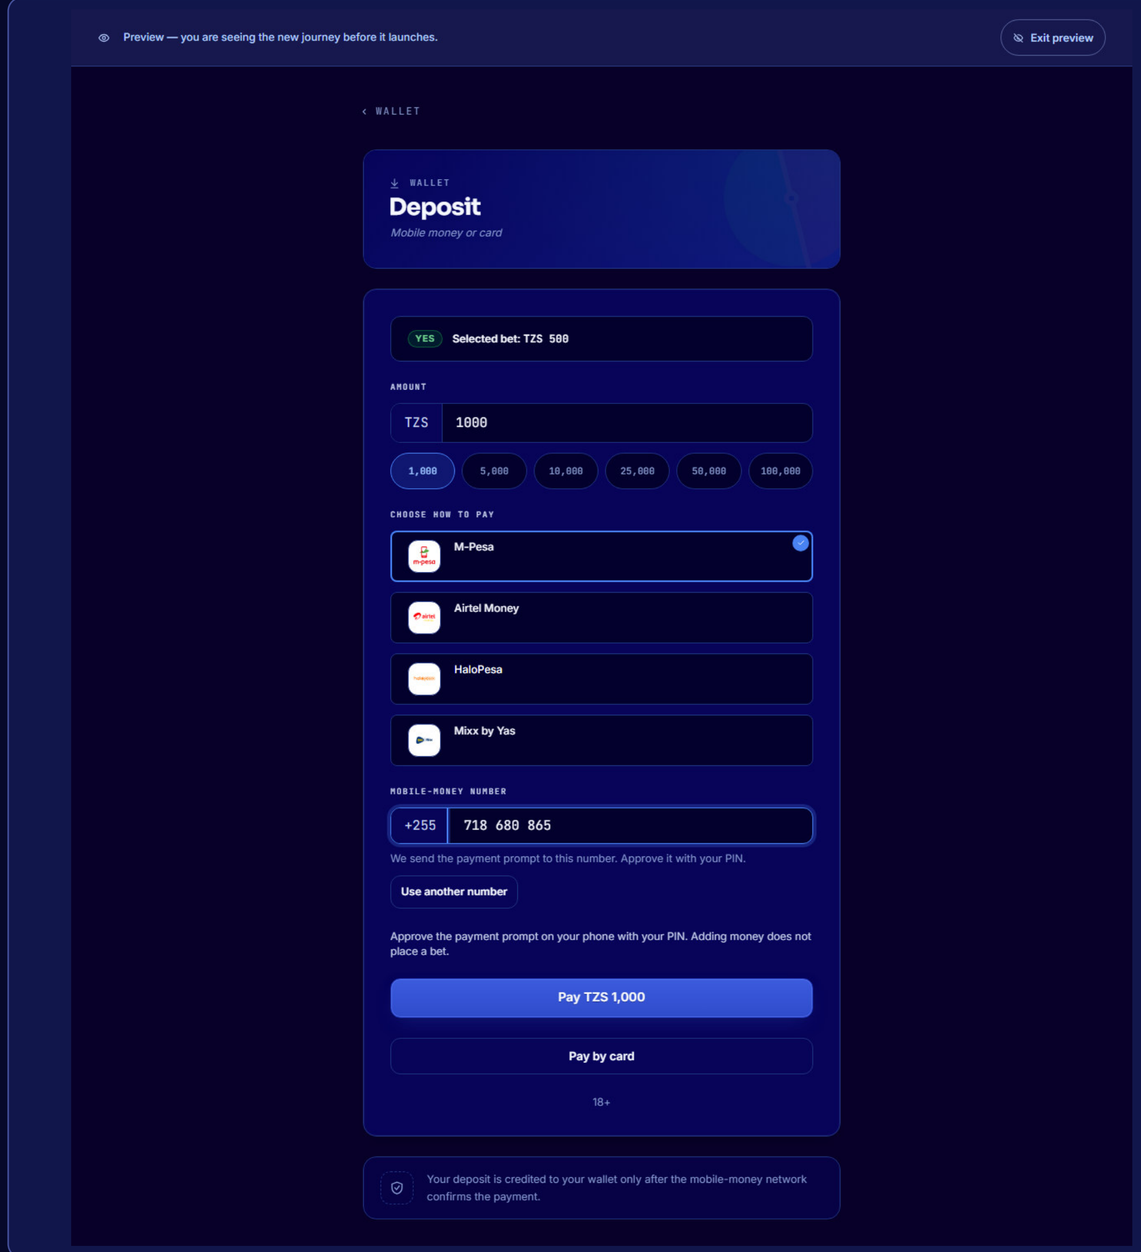

## Local phone

390 x 844 browser / full page for deposit

## Local desktop

1280 x 900 browser / full page for deposit

REVIEW NOTE The YES chip and TZS 500 choice precede amount, payment methods, phone and PIN note. TZS 1,000 is the minimum deposit, not the bet.

Synthetic in-memory market and payment data. Agency mockup chrome, language, stake and palette are reference, not a production screenshot.

# 06 Payment-to-bet receipt

Local mock proof of the separation between funding and placing a bet; no real money moved.

LOCAL PREVIEW / NOT PRODUCTION PROOF

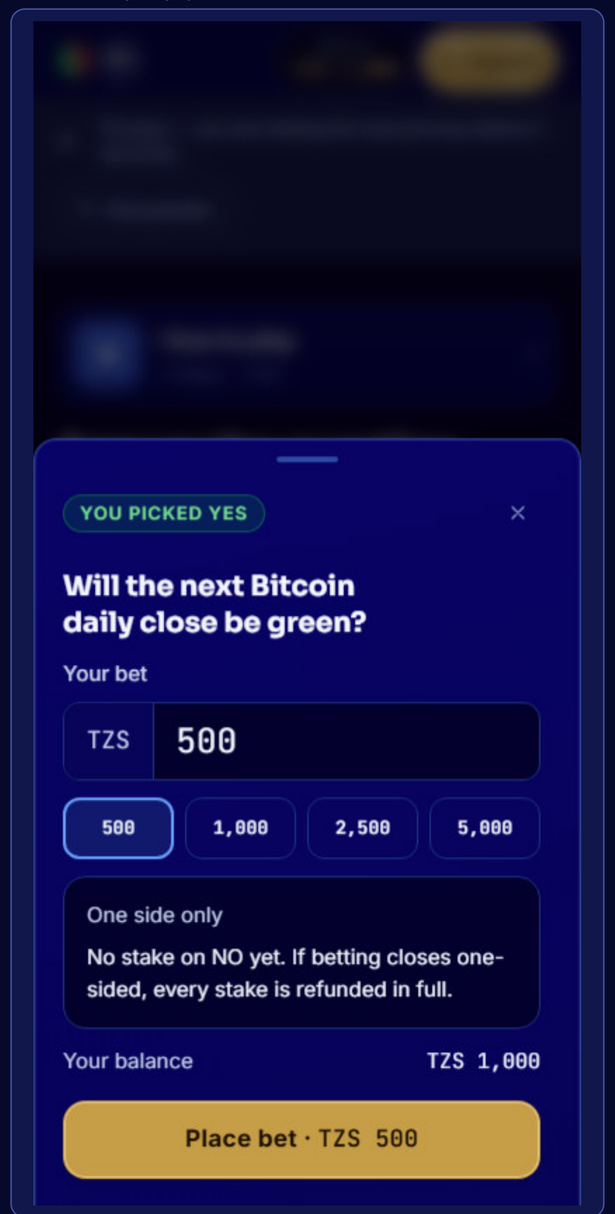

## Paid waiting

Local mock / explicit player action

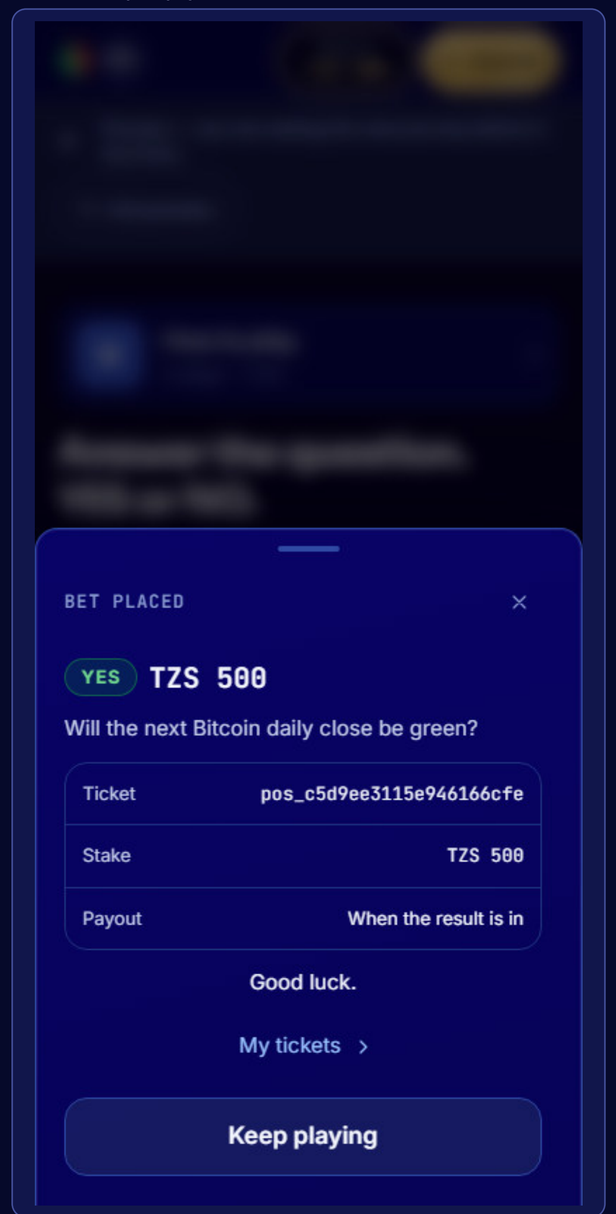

## Returned choice

Local mock / explicit player action

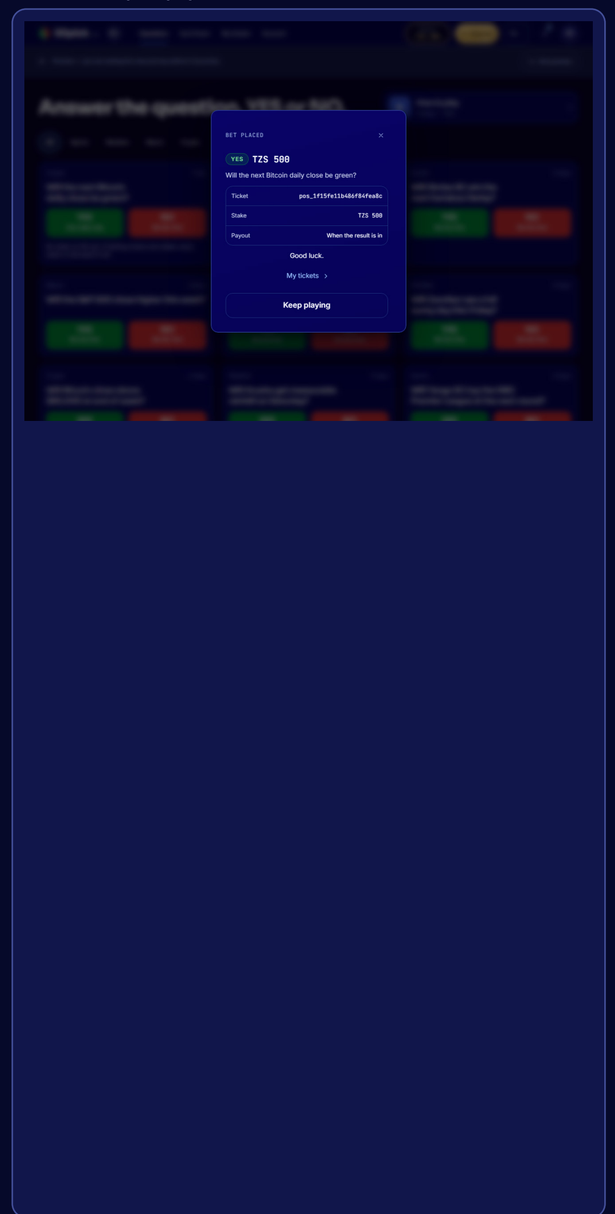

## One bet receipt

Local mock / explicit player action

## Desktop receipt

Local mock / explicit player action

BROWSER PROOF Paid: wallet TZS 1,000, zero bet. Return: YES / TZS 500 still waiting. One separate press: one position and one BET_PLACED row.

Mobile 44/44; desktop 42/42 browser assertions passed. Capture dates: 2026-10-15 and 2026-10-15 UTC. Agency sign-off and production SHA read-back remain open.
